I do understand that some friends wished that visiting delegates should have addressed the conference, and an imbalance of Podium time was discomfoting to some participants, I respect that view but our program was published way in advance and objective of this gathering was interactive meaningful dialogue. I take full responsibility for any discomfort inflicted on any visiting delegate. In such a large Event one should have a view of forest not of a damaged sapling. Nevertheless, we did start with humble beginning, future leadership in OIC can improve upon.

Lastly, I wish to reiterate that PTI OIC conference was self-funded / self-sponsored / self-hosted by the party delegates and visitors. Not a penny was spent by the President House / Government Exchequer or the Parliament of Pakistan, as per direction of our leader. PTI paid due rent of Utilizing the facility of Convention Center as per commercial rates.

At Last, I am indebted to all those who stood with me through this challenging time of organizing this event, I have met new friends and comrades with whom I have been working over the years but never met. Insha'Allah together we will continue to be a support and strength for the Leadership & party at home for a better Pakistan.

Thank you all.
